ABOUT ME

My Name is Oludotun Longe, I have over 4 years worth of software development experience from working with two software development agencies based in Nigeria, two Silicon Valley startups and freelancing in general with work centered towards front-end development related milestones, occasionally creating APIs or contributing to a project's back-end with Node.

TECHNOLOGY SUMMARY

- **Blockchain:** Stellar SDK, Web3.js For Ethereum
- **Front End:** ReactJS (Redux), HTML5, SCSS, CSS3, JavaScript, jQuery
- **Back End:** Node - mongoDB, GraphQL
- **Design:** Sketch
- **CMS:** Wordpress, Netlify CMS

MISSION STATEMENT

As a software developer, I strive to always create better, cost-effective and innovative solutions following the best standards and practices.
